

CHAPTER 29

PROPERTY MAINTENANCE CODE

ARTICLE I - ADMINISTRATION

DIVISION - GENERAL

29-1-1 **TITLE.** These regulations shall be known as the *Property Maintenance Code* of the Village of Hartford, hereinafter referred to as "this Code". **(101.1)**

29-1-2 **SCOPE.** The provisions of this Code shall apply to all existing residential and nonresidential structures and all existing premises and constitute minimum requirements and standards for premises, structures, equipment and facilities for light, ventilation, space, heating, sanitation, protection from the elements, life safety, safety from fire and other hazards, and for safe and sanitary maintenance; the responsibility of owners, operators and occupants; the occupancy of existing structures and premises, and for administration, enforcement and penalties. **(101.2)**

[This Section establishes the broad purpose of the Code—to protect the public health, safety and welfare in both existing residential and nonresidential structures and on all existing premises.

Four specific areas are addressed in greater detail in subsequent sections:

(1) *Establishing minimum maintenance standards for such elements as basic equipment, light, ventilation, heating, sanitation and fire safety.*

(2) *Fixing responsibility among owners, operators and occupants for following the Code.*

(3) *Regulating the use of existing structures and premises.*

(4) *Providing for administration, enforcement and penalties.*

These four categories provide communities with the tools to reduce risks created by deteriorated or unsafe buildings and help communities upgrade and maintain other existing structures.]

29-1-3 **INTENT.** This Code shall be construed to secure its expressed intent, which is to ensure public health, safety and welfare insofar as they are affected by the continued occupancy and maintenance of structures and premises. Existing structures and premises that do not comply with these provisions shall be altered or repaired to provide a minimum level of health and safety as required herein. Repairs, alterations, additions to and change of occupancy in existing buildings shall comply with the *International Existing Building Code*. **(101.3)**

[This Code is intended to provide requirements addressing the public health, safety and welfare as they relate to the use and maintenance of existing structures and premises. The Code requires existing structures and premises that are not in compliance with the Code to be altered or repaired to meet the Code. The Code requirements are intended to represent the minimum acceptable level of public health and safety. The International Existing Building Code® (IEBC®) is listed as the required Code for all repairs, alterations, additions and change of occupancies to existing structures.]

29-1-4 **SEVERABILITY.** If a section, subsection, sentence, clause or phrase of this Code is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this Code. **(101.4)**

[Only invalid sections of the Code (as established by the court of jurisdiction) can be set aside. This is essential to safeguard the application of the Code text to situations whereby a provision of the Code is declared illegal or unconstitutional. This Section would preserve the legislative action that put the legal provisions in place.]

DIVISION II - APPLICABILITY

29-1-5 **GENERAL.** The provisions of this Code shall apply to all matters affecting or relating to structures and premises, as set forth in **Division I**. Where, in a specific case, different sections of this Code specify different requirements, the most restrictive shall govern. **(102.1)**

29-1-6 **MAINTENANCE.** Equipment, systems, devices and safeguards required by this Code or a previous regulation or Code under which the structure or premises was constructed, altered or repaired shall be maintained in good working order. No owner, operator or occupant shall cause any service, facility, equipment or utility which is required under this Section to be removed from or shut off from or discontinued for any occupied dwelling, except for such temporary interruption as necessary while repairs or alterations are in progress. The requirements of this Code are not intended to provide the basis for removal or abrogation of fire protection and safety systems and devices in existing structures. Except as otherwise specified herein, the owner or the owner's designated agent shall be responsible for the maintenance of buildings, structures and premises. **(102.2)**

[This Section contains general maintenance requirements. The Code specifically prohibits the disconnection of any required utilities for an occupied dwelling. This helps to safeguard persons who have a physical condition and are dependent on these systems. Some examples of this include: a person who has to have electricity to power a kidney dialysis machine; a patient who is on an oxygen system full time; or someone with particularly bad allergies who needs to have an air-conditioning system to help filter the air. Any safety system that exists in a building must be maintained. A fire protection or safety system is not to be removed from a building if it is required by the Code or a previous regulation or code that was in effect when the building was built. This Section also specifies that the owner or the owner's agent is responsible for maintenance, not the tenants of rental property.]

29-1-7 **APPLICATION OF OTHER CODES.** Repairs, additions or alterations to a structure, or changes of occupancy, shall be done in accordance with the procedures and provisions of the *International Existing Building Code, International Fuel Gas Code, International Mechanical Code, and International Electrical Code*. Nothing in this Code shall be construed to cancel, modify or set aside any provision of the *Municipal Zoning Code*. **(102.3)**

29-1-8 **EXISTING REMEDIES.** The provision in this Code shall not be construed to abolish or impair existing remedies of the jurisdiction or its officers or agencies relating to the removal or demolition of any structure which is dangerous, unsafe and unsanitary. **(102.4)**

29-1-9 **WORKMANSHIP.** Repairs, maintenance work, alterations or installations which are caused directly or indirectly by the enforcement of this Code shall be executed and installed in a workmanlike manner and installed in accordance with the manufacturer's installation instructions. **(102.5)**

29-1-10 **HISTORIC BUILDINGS.** The provisions of this Code shall not be mandatory for existing buildings or structures designated as historic buildings when such buildings or structures are judged by the Code Official to be safe and in the public interest of health, safety and welfare. **(102.6)**

29-1-11 **REFERENCED CODES AND STANDARDS.** The codes and standards referenced in this Code shall be those that are listed in **Article VIII** and considered part of the requirements of this Code to the prescribed extent of each such reference. Where differences occur between provisions of this Code and the referenced standards, the provisions of this Code shall apply. **(102.7)**

29-1-12 **REQUIREMENTS NOT COVERED BY CODE.** Requirements necessary for the strength, stability or proper operation of an existing fixture, structure or equipment, or for the public safety, health and general welfare not specifically covered by this Code shall be determined by the Code Official. **(102.8)**

29-1-13 **RESERVED.**

DIVISION III – PROPERTY MAINTENANCE INSPECTION

29-1-14 **GENERAL.** The Department of Property Maintenance Inspection is hereby created and the executive official in charge thereof shall be known as the Code Official. **(103.1)**

29-1-15 **APPOINTMENT.** The Code Official shall be appointed by the Mayor with the advice and consent of the Village Board; and the Code Official shall not be removed from office except for cause and after full opportunity to be heard on specific and relevant charges by and before the appointing authority. **(103.2)**

29-1-16 **DEPUTIES.** In accordance with the prescribed procedures of this jurisdiction and with the concurrence of the appointing authority, the Code Official shall have the authority to appoint a deputy code official, other related technical officers, inspectors and other employees. **(103.3)**

29-1-17 **LIABILITY.** The Code Official, officer or employee charged with the enforcement of this Code, while acting for the jurisdiction, shall not thereby be rendered liable personally, and is hereby relieved from all personal liability for any damage accruing to persons or property as a result of an act required or permitted in the discharge of official duties.

Any suit instituted against any officer or employee because of an act performed by that officer or employee in the lawful discharge of duties and under the provisions of this Code shall be defended by the legal representative of the jurisdiction until the final termination of the proceedings. The Code Official or any subordinate shall not be liable for costs in an action, suit or proceeding that is instituted in pursuance of the provisions of this Code; and any officer of the department of property maintenance inspection, acting in good faith and without malice, shall be free from liability for acts performed under any of its provisions or by reason of any act or omission in the performance of official duties in connection therewith. **(103.4)**

29-1-18 **FEES.** The fees for activities and services performed by the department in carrying out its responsibilities under this Code shall be as indicated in the schedule found in Appendix "A" at the conclusion of this Chapter. **(103.5)**

29-1-19 - 29-1-20 RESERVED.

DIVISION IV – DUTIES AND POWERS OF THE CODE OFFICIAL

29-1-21 **GENERAL.** The Code Official shall enforce the provisions of this Code. **(104.1)**

29-1-22 **RULE-MAKING AUTHORITY.** The Code Official shall have authority as necessary in the interest of public health, safety and general welfare, to adopt and promulgate rules and procedures; to interpret and implement the provisions of this Code; to secure the intent thereof; and to designate requirements applicable because of local climatic or other conditions. Such rules shall not have the effect of waiving structural or fire performance requirements specifically provided for in this Code, or of violating accepted engineering methods involving public safety. **(104.2)**

29-1-23 **INSPECTIONS.** The Code Official shall make all of the required inspections, or shall accept reports of inspection by approved agencies or individuals. All reports of such inspections shall be in writing and be certified by a responsible officer of such approved agency or by the responsible individual. The Code Official is authorized to engage such expert opinion as deemed necessary to report upon unusual technical issues that arise, subject to the approval of the appointing authority. **(104.3)**

29-1-24 **RIGHT OF ENTRY.** The Code Official is authorized to enter the structure or premises at reasonable times to inspect subject to constitutional restrictions on unreasonable searches and seizures. If entry is refused or not obtained, the Code Official is authorized to pursue recourse as provided by law. **(104.4)**

*[This Section establishes the right of the Code Official to enter the premises in order to make the inspections required by **Section 29-1-23**. The right to enter structures or premises is limited. First, to protect the right of privacy, the owner or occupant must grant the Code Official permission before an interior inspection of the property can be conducted. Permission is not required for inspections that can be accomplished from within the public right-of-way. Second, such access may be denied by the owner or occupant. Unless the inspector has reasonable cause to believe that a violation of the Code exists, access may be unattainable. Third, Code Officials must present proper identification and request admittance during reasonable hours—usually the normal business hours of the establishment—to be admitted. Fourth, inspections must be aimed at securing or determining compliance with the provisions and intent of the regulations that are specifically within the established scope of the Code Official’s authority.]*

Searches of a private residence to gather information for the purpose of enforcing codes, ordinances or regulations are considered unreasonable and are prohibited by the Fourth Amendment to the U.S. Constitution. "Reasonable cause" in the context of this Section must be distinguished from "probable cause", which is required to gain access to property in criminal cases. The burden of proof establishing reasonable cause may vary among jurisdictions. Usually, an inspector must show that the property is subject to inspection under the provisions of the Code; that the interests of the public health, safety and welfare outweigh the individual's right to maintain privacy; and that such an inspection is required solely to determine compliance with the provisions of the Code.

Many jurisdictions do not recognize the concept of an administrative warrant and may require the Code Official to prove probable or reasonable cause in order to gain access upon refusal. This burden of proof is usually more substantial, often requiring the Code Official to stipulate in advance why access is needed (usually access is restricted to gathering evidence for seeking an indictment or making an arrest), what specific items or information is sought, its relevance to the case against the individual subject, how knowledge of the relevance of the information or items sought was obtained and how the evidence sought will be used. In all such cases, the right to privacy must always be weighed against the right of the Code Official to conduct an inspection to verify that the public health, safety and welfare are not in jeopardy. Such important and complex constitutional issues should be discussed with the jurisdiction's legal counsel. Jurisdictions should establish procedures for securing the necessary court orders when an inspection is deemed necessary following a refusal.]

29-1-25 **IDENTIFICATION.** The Code Official shall carry proper identification when inspecting structures or premises in the performance of duties under this Code. **(104.5)**

29-1-26 **NOTICES AND ORDERS.** The Code Official shall issue all necessary notices or orders to ensure compliance with this Code. **(104.6)**

29-1-27 **DEPARTMENT RECORDS.** The Code Official shall keep official records of all business and activities of the department specified in the provisions of this Code. Such records shall be retained in the official records as long as the building or structure to which such records relate remains in existence, unless otherwise provided for by other regulations. **(104.7)**

29-1-28 **COORDINATION OF INSPECTIONS.** Whenever in the enforcement of this Code or another code or ordinance, the responsibility of more than one code official of the

jurisdiction is involved, it shall be the duty of the code officials involved to coordinate their inspections and administrative orders as fully as practicable so that the owners and occupants of the structure shall not be subjected to visits by numerous inspectors or multiple or conflicting orders. Whenever an inspector from any agency or department observes an apparent or actual violation of some provision of some law, ordinance or code not within the inspector's authority to enforce, the inspector shall report the findings to the Code Official having jurisdiction. **(104.8)**

29-1-29 RESERVED.

DIVISION V - APPROVAL

29-1-30 MODIFICATIONS. Whenever there are practical difficulties involved in carrying out the provisions of this Code, the Code Official shall have the authority to grant modifications for individual cases, provided the Code Official shall first find that special individual reason makes the strict letter of this Code impractical and the modification is in compliance with the intent and purpose of this Code and that such modification does not lessen health, life and fire safety requirements. The details of action granting modifications shall be recorded and entered in the department files. **(105.1)**

29-1-31 ALTERNATIVE MATERIALS, METHODS AND EQUIPMENT. The provisions of this Code are not intended to prevent the installation of any material or to prohibit any method of construction not specifically prescribed by this Code, provided that any such alternative has been approved. An alternative material or method of construction shall be approved where the Code Official finds that the proposed design is satisfactory and complies with the intent of the provisions of this Code, and that the material, method or work offered is, for the purpose intended, at least the equivalent of that prescribed in this Code in quality, strength, effectiveness, fire resistance, durability and safety. **(105.2)**

29-1-32 REQUIRED TESTING. Whenever there is insufficient evidence of compliance with the provisions of this Code, or evidence that a material or method does not conform to the requirements of this Code, or in order to substantiate claims for alternative materials or methods, the Code Official shall have the authority to require tests to be made as evidence of compliance at no expense to the jurisdiction. **(105.3)**

(A) **Test Methods.** Test methods shall be as specified in this Code or by other recognized test standards. In the absence of recognized and accepted test methods, the Code Official shall be permitted to approve appropriate testing procedures performed by an approved agency. **(105.3.1)**

(B) **Test Reports.** Reports of tests shall be retained by the Code Official for the period required for retention of public records. **(105.3.2)**

29-1-33 MATERIAL AND EQUIPMENT REUSE. Materials, equipment and devices shall not be reused unless such elements are in good repair or have been reconditioned and tested when necessary, placed in good and proper working condition and approved. **(105.4)**

29-1-34 RESERVED.

DIVISION VI - VIOLATIONS

29-1-35 **UNLAWFUL ACTS.** It shall be unlawful for a person, firm or corporation to be in conflict with or in violation of any of the provisions of this Code. **(106.1)**

29-1-36 **NOTICE OF VIOLATION.** The Code Official shall serve a notice of violation or order in accordance with **Division VII.** **(106.2)**

29-1-37 **PROSECUTION OF VIOLATION.** Any person failing to comply with a notice of violation or order served in accordance with **Division VII** shall be deemed guilty of a misdemeanor, and the violation shall be deemed a strict liability offense. If the notice of violation is not complied with, the Code Official shall institute the appropriate proceeding at law or in equity to restrain, correct or abate such violation, or to require the removal or termination of the unlawful occupancy of the structure in violation of the provisions of this Code or of the order or direction made pursuant thereto. Any action taken by the authority having jurisdiction on such premises shall be charged against the real estate upon which the structure is located and shall be a lien upon such real estate. **(106.3)**

29-1-38 **VIOLATION PENALTIES.** Any person who shall violate a provision of this Code, or fail to comply therewith, or with any of the requirements thereof, shall be prosecuted within the limits provided by **Section 1-1-20.** Each day that a violation continues after due notice has been served shall be deemed a separate offense. **(106.4)**

29-1-39 **ABATEMENT OF VIOLATION.** The imposition of the penalties herein prescribed shall not preclude the legal officer of the jurisdiction from instituting appropriate action to restrain, correct or abate a violation, or to prevent illegal occupancy of a building, structure or premises, or to stop an illegal act, conduct, business or utilization of the building, structure or premises. **(106.5)**

[Despite the assessment of a penalty in the form of a fine against a violator, the violation itself must still be corrected. Failure to make the necessary corrections will result in the violator being subject to additional penalties as described in the proceeding section.]

29-1-40 **RESERVED.**

DIVISION VII – NOTICES AND ORDERS

29-1-41 **NOTICE TO PERSON RESPONSIBLE.** Whenever the Code Official determines that there has been a violation of this Code or has grounds to believe that a violation has occurred, notice shall be given in the manner prescribed in **Sections 29-1-42** and **29-1-43** to the person responsible for the violation as specified in this Code. Notices for condemnation procedures shall also comply with **Section 29-1-49.** **(107.1)**

29-1-42 **FORM.** Such notice prescribed in **Section 29-1-41** shall be in accordance with all of the following:

- (A) Be in writing.
- (B) Include a description of the real estate sufficient for identification.
- (C) Include a statement of the violation or violations and why the notice is being issued.
- (D) Include a correction order allowing a reasonable time to make the repairs and improvements required to bring the dwelling unit or structure into compliance with the provisions of this Code.
- (E) Inform the property owner of the right to appeal.
- (F) Include a statement of the right to file a lien in accordance with **Section**

29-1-37.
(107.2)

29-1-43 **METHOD OF SERVICE.** Such notice shall be deemed to be properly served if a copy thereof is:

- (A) delivered personally;
- (B) sent by certified or first-class mail addressed to the last known address; or
- (C) if the notice is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice.

All of the services noted above may be expensive and time consuming. In some communities, the courts may consider service to be valid if the notice was sent to the last known address of the owner or owner's agent by regular postage and the notice was not returned by the post office. This method of service is obviously much cheaper and usually faster than waiting for the return of a certified letter. It must, however, be acceptable to the court system. The jurisdiction's attorney should be consulted to determine that the type of service is legally acceptable, reasonably cost effective and timely. **(107.3)**

29-1-44 **PENALTIES.** Penalties for noncompliance with orders and notices shall be as set forth in **Section 29-1-38.** **(107.4)**

29-1-45 **TRANSFER OF OWNERSHIP.** It shall be unlawful for the owner of any dwelling unit or structure who has received a compliance order or upon whom a notice of violation has been served to sell, transfer, mortgage, lease or otherwise dispose of such dwelling unit or structure to another until the provisions of the compliance order or notice of violation have been complied with, or until such owner shall first furnish the grantee, transferee, mortgagee or lessee a true copy of any compliance order or notice of violation issued by the Code Official and shall furnish to the Code Official a signed and notarized statement from the grantee, transferee, mortgagee or lessee, acknowledging the receipt of such compliance order or notice of violation and fully accepting the responsibility without condition for making the corrections or repairs required by such compliance order or notice of violation. **(107.5)**

[When a property has a pending violation order, it is unlawful for an owner to sell, transfer, mortgage, lease or otherwise dispose of the property without either following the order or advising the buyer, mortgagee, etc., of the pending violation. The owner must prove that the buyer has received notice of pending violations by providing the Code Official with a signed, notarized receipt from the new transferee.]

Determining who is the current owner of a building is a frustrating and difficult activity. To evade code enforcement action, owners will frequently transfer ownership of their property. This provision of the Code permits the Code Official to cite the seller if he or she did not provide the Code Official with the required notification when the property was transferred; thus, even though the seller may avoid complying with the outstanding violation orders, he or she can still be charged with a violation for failing to provide proof that the transferee was aware of the pending orders.]

29-1-46 RESERVED.

DIVISION VIII - - UNSAFE STRUCTURES AND EQUIPMENT

29-1-47 GENERAL. When a structure or equipment is found by the Code Official to be unsafe, or when a structure is found unfit for human occupancy, or is found unlawful, such structure shall be condemned pursuant to the provisions of this Code. **(108.1)**

[This Section provides a brief description of conditions where the Code Official is given the authority to condemn an existing structure or equipment. Where a structure or equipment is "unlawful", as described in the text of this Section, that structure or equipment does not comply with the requirements of the Code. The deficiencies are such that an unsafe condition or a condition that is unfit for human occupancy exists.]

(A) **Unsafe Structures.** An unsafe structure is one that is found to be dangerous to the life, health, property or safety of the public or the occupants of the structure by not providing minimum safeguards to protect or warn occupants in the event of fire, or because such structure contains unsafe equipment or is so damaged, decayed, dilapidated, structurally unsafe or of such faulty construction or unstable foundation, that partial or complete collapse is possible. **(108.1.1)**

(B) **Unsafe Equipment.** Unsafe equipment includes any boiler, heating equipment, elevator, moving stairway, electrical wiring or device, flammable liquid containers or other equipment on the premises or within the structure which is in such disrepair or condition that such equipment is a hazard to life, health, property or safety of the public or occupants of the premises or structure. **(108.1.2)**

(C) **Structure Unfit for Human Occupancy.** A structure is unfit for human occupancy whenever the Code Official finds that such structure is unsafe, unlawful or, because of the degree to which the structure is in disrepair or lacks maintenance, is unsanitary, vermin or rat infested, contains filth and contamination, or lacks ventilation, illumination, sanitary or heating facilities or other essential equipment required by this Code, or because the location of the structure constitutes a hazard to the occupants of the structure or to the public. **(108.1.3)**

(D) **Unlawful Structure.** An unlawful structure is one found in whole or in part to be occupied by more persons than permitted under this Code, or was erected, altered or occupied contrary to law. **(108.1.4)**

[An unlawful structure is one that has serious deficiencies such that an unsafe condition or a condition that is unfit for human occupancy exists. An unlawful structure does not mean one where there are criminal activities.]

29-1-48 CLOSING OF VACANT STRUCTURES. If the structure is vacant and unfit for human habitation and occupancy, and is not in danger of structural collapse, the Code

Official is authorized to post a placard of condemnation on the premises and order the structure closed up so as not to be an attractive nuisance. Upon failure of the owner to close up the premises within the time specified in the order, the Code Official shall cause the premises to be closed and secured through any available public agency or by contract or arrangement by private persons and the cost thereof shall be charged against the real estate upon which the structure is located and shall be a lien upon such real estate and may be collected by any other legal resource. **(108.2)**

29-1-49 NOTICE. Whenever the Code Official has condemned a structure or equipment under the provisions of this Section, notice shall be posted in a conspicuous place in or about the structure affected by such notice and served on the owner or the person or persons responsible for the structure or equipment in accordance with **Section 29-1-43**. If the notice pertains to equipment, it shall also be placed on the condemned equipment. The notice shall be in the form prescribed in **Section 29-1-42**.

29-1-50 PLACARDING. Upon failure of the owner or person responsible to comply with the notice provisions within the time given, the Code Official shall post on the premises or on defective equipment, a placard bearing the word "Condemned" and a statement of the penalties provided for occupying the premises, operating the equipment or removing the placard. **(108.4)**

(A) **Placard Removal.** The Code Official shall remove the condemnation placard whenever the defect or defects upon which the condemnation and placarding action were based have been eliminated. Any person who defaces or removes a condemnation placard without the approval of the Code Official shall be subject to the penalties provided by this Code. **(108.4.1)**

[Only the Code Official is authorized to remove a condemnation placard. The Code Official is to remove the placard only when the defect or defects have been corrected as required by the Code. Any other person who removes or defaces a placard is in violation of the Code and subject to its penalties.]

29-1-51 PROHIBITED OCCUPANCY. Any occupied structure condemned and placarded by the Code Official shall be vacated as ordered by the Code Official. Any person who shall occupy a placarded premises or shall operate placarded equipment, and any owner or any person responsible for the premises who shall let anyone occupy a placarded premises or operate placarded equipment shall be liable for the penalties provided by this Code. **(108.5)**

29-1-52 - 29-1-59 RESERVED.

DIVISION IX - EMERGENCY MEASURES

29-1-60 IMMINENT DANGER. When, in the opinion of the Code Official, there is imminent damage of failure or collapse of a building or structure which endangers life, or when any structure or part of a structure has fallen and life is endangered by the occupation of the structure, or when there is actual or potential danger to the building, occupants or those in the

proximity of any structure because of explosives, explosive fumes or vapors or the presence of toxic fumes, gases or materials, or operation of defective or dangerous equipment, the Code Official is hereby authorized and empowered to order and require the occupants to vacate the premises forthwith. The Code Official shall cause to be posted at each entrance to such structure a notice reading as follows: **"This Structure is Unsafe and its Occupancy has been Prohibited by the Code Official."** It shall be unlawful for any person to enter such structure except for the purpose of securing the structure, making the required repairs, removing the hazardous condition, or of demolishing the same. **(109.1)**

29-1-61 **TEMPORARY SAFEGUARDS.** Notwithstanding other provisions of this Code, whenever, in the opinion of the Code Official, there is imminent danger due to an unsafe condition, the Code Official shall order the necessary work to be done, including the boarding-up of openings, to render such structure temporarily safe whether or not the legal procedure herein described has been instituted; and shall cause such other action to be taken as the Code Official deems necessary to meet such emergency. **(109.2)**

29-1-62 **CLOSING STREETS.** When necessary for public safety, the Code Official shall temporarily close structures and close, or order the authority having jurisdiction to close, sidewalks, streets, public ways and places adjacent to unsafe structures, and prohibit the same from being utilized. **(109.3)**

29-1-63 **EMERGENCY REPAIRS.** For the purposes of this Section, the Code Official shall employ the necessary labor and materials to perform the required work as expeditiously as possible. **(109.4)**

29-1-64 **COSTS OF EMERGENCY REPAIRS.** Costs incurred in the performance of emergency work shall be paid by the jurisdiction. The legal counsel of the jurisdiction shall institute appropriate action against the owner of the premises where the unsafe structure is or was located for the recovery of such costs. **(109.5)**

29-1-65 **HEARING.** Any person ordered to take emergency measures shall comply with such order forthwith. Any affected person shall thereafter, upon petition directed to the appeals boards, be afforded a hearing as described in this Code. **(109.6)**

29-1-66 **RESERVED.**

DIVISION X - DEMOLITION

29-1-67 GENERAL. The Code Official shall order the owner of any premises upon which is located any structure, which in the Code Official's judgement is so old, dilapidated or has become so out of repair as to be dangerous, unsafe, unsanitary or otherwise unfit for human habitation or occupancy, and such that it is unreasonable to repair the structure, to demolish and remove such structure; or if such structure is capable of being made safe by repairs, to repair and make safe and sanitary or to demolish and remove at the owner's option; or where there has been a cessation of normal construction of any structure for a period of more than **two (2) years**, to demolish and remove such structure. **(110.1)**

29-1-68 NOTICES AND ORDERS. All notices and orders shall comply with **Division VII. (110.2)**

*[Before the Code Official can pursue action to demolish a building in accordance with **Section 29-1-67** or **29-1-69**, it is imperative that all owners and any other persons with a recorded encumbrance on the property be given proper notice of the demolition plans (See Division VII for notice and order requirements).]*

29-1-69 FAILURE TO COMPLY. If the owner of a premises fails to comply with a demolition order within the time prescribed, the Code Official shall cause the structure to be demolished and removed, either through an available public agency or by contract or arrangement with private persons, and the cost of such demolition and removal shall be charged against the real estate upon which the structure is located and shall be a lien upon such real estate. **(110.3)**

29-1-70 SALVAGE MATERIALS. When any structure has been ordered demolished and removed, the governing body or other designated officer under said contract or arrangement aforesaid shall have the right to sell the salvage and valuable materials at the highest price obtainable. The net proceeds of such sale, after deducting the expenses of such demolition and removal, shall be promptly remitted with a report of such sale or transaction, including the items of expense and amounts deducted, for the person who is entitled thereto, subject to any order of a court. If such a surplus does not remain to be turned over, the report shall so state. **(110.4)**

29-1-71 RESERVED.

DIVISION XI - MEANS OF APPEAL

29-1-72 **APPLICATION FOR APPEAL.** Any person directly affected by a decision of the Code Official or a notice or order issued under this Code shall have the right to appeal to the Board of Appeals, provided that a written application for appeal is filed within **twenty (20) days** after the day the decision, notice or order was served. An application for appeal shall be based on a claim that the true intent of this Code or the rules legally adopted thereunder have been incorrectly interpreted, the provisions of this Code do not fully apply, or the requirements of this Code are adequately satisfied by other means. **(111.1)**

29-1-73 **MEMBERSHIP OF THE BOARD.** The Board of Appeals shall consist of a minimum of **three (3) members** who are qualified by experience and training to pass on matters pertaining to property maintenance and who are not employees or elected officials of this municipality. The Code Official shall be an ex-officio member but shall have no vote on any matter before the Board. The Board shall be appointed by the Mayor with the advice and consent of the Village Board, and shall serve staggered and overlapping terms. **(111.2)**

(A) **Alternate Members.** The Mayor shall appoint **two (2) or more alternate members** who shall be called by the Board Chairman to hear appeals during the absence or disqualification of a member. Alternate members shall possess the qualifications required for Board membership. **(111.2.1)**

*[This Section authorizes the Mayor to appoint **two (2)** alternate members who are to be available if the principal members of the Board are absent or disqualified. Alternate members must possess the same qualifications as the principal members.]*

(B) **Chairman.** The Board shall annually select one of its members to serve as Chairman. **(111.2.2)**

(C) **Disqualification of Member.** A member shall not hear an appeal in which that member has any personal, professional or financial interest. **(111.2.3)**

[All members must disqualify themselves regarding any appeal in which they have a personal, professional or financial interest.]

(D) **Secretary.** The Mayor shall designate a qualified person to serve as Secretary to the Board. The Secretary shall file a detailed record of all proceedings in the office of the Mayor. **(111.2.4)**
