villageclerk@hartfordillinois.net

Dear Hartford Resident;

The Village of Hartford, is announcing that we are continuing our municipal electricity aggregation program with a new supplier, Constellation NewEnergy. Our primary goal is always to protect our residents from rising electrical supply rates.

Since June 2019, Hartford residents and small businesses have been receiving fixed rates of 4.29¢ per kilowatt hour (kWh) versus the AmerenIL market rate currently at 12.236¢ - 12.95¢ per kWh. This equates to an average household savings of over \$50 per month, with larger households and businesses saving considerably more.

Our current non-renewable contract with Homefield Energy ends December 2022 and we have secured a fixed rate of 12.10¢ per kWh contract with Constellation NewEnergy for a 22-month term beginning February 2023 through December 2024. The Village of Hartford, along with 27 other communities were involved in aggregate pricing bids and this is the lowest price offered by AmerenIL in the State of Illinois.

To provide you the lowest long-term rate, there will be a two-month gap until our contract begins with Constellation NewEnergy. The gap between the two contracts will be filled by AmerenIL as our supplier.

The process will be as follows:

Supplier	Dates	Rates per kWh	Action from Residents
Homefield Energy	Contract Ends December 2022	4.29¢	NO ACTION REQUIRED
AmerenIL	December 2022 – February 2023	Current Market Rate 12.236¢	NO ACTION REQUIRED
Constellation NewEnergy	February 2023 – December 2024	12.10¢	NO ACTION REQUIRED

Over the next 90 days you will be receiving two letters from AmerenIL and one letter from Constellation NewEnergy.

- Letter from AmerenIL – Notifying you that Homefield Energy contract will end December 2022.
NO ACTION REQUIRED BY RESIDENTS.
- Letter from AmerenIL – Stating they are the new provider beginning January 2023.
NO ACTION REQUIRED BY RESIDENTS.

Village of Hartford

140 West Hawthorne - Hartford, IL 62048
Phone: (618) 251-2689 - Fax: (618) 251-2682

villageclerk@hartfordillinois.net

- Letter from Constellation New Energy – Notifying you that Constellation New Energy will be your new provider beginning February 2023 to December 2024.
NO ACTION REQUIRED BY RESIDENTS.

In summary, the Village will take all actions to navigate this process. NO ACTION IS REQUIRED BY RESIDENTS.

IF residents and businesses choose to not participate in the aggregate price or if during the duration of the contract, market prices go lower than the aggregate price, you can “opt-out” of the aggregate price and go with the market price first by responding to any of the notifications that are sent to you or contacting Good Energy subsidiary Constellation New Energy.

Questions or concerns about the municipal aggregation program can be addressed to Good Energy via email at [gesci@goodenergy.com](mailto:gecsi@goodenergy.com) or by phone at 844-686-4244.

The caveat there is if you leave the aggregate and the price again goes above the aggregate price, there is no return path during the length of the contract.

If you have questions, please contact Hartford Village Hall at (618) 251-2681 / villageclerk@hartfordillinois.net for additional information.

Sincerely,

Mayor Bill Robertson, and the Board of Trustees, Hartford, IL 62048
